**EXAMINER'S AMENDMENT**

1. The following is an examiner's statement of reasons for allowance: the prior art does not teach or disclose a light emitting device comprising, in combination with the remaining features of the claims, a last stage of the source line driving circuit electrically connected to the source line and a power source electrically connected to both the last stage and the power source line (independent claims 7 and 8); the source line is electrically connected to the source line driving circuit, and a power source for fixing an electric potential output to the source line is electrically connected to both the source line driving circuit and the power source line (independent claims 10-11); a first TFT connected to the source line and the gate line, and a source line driving circuit comprising a second TFT connected to the source line, and a power source is connected to both the second TFT and the power source line (claim 29); in addition to recitations in claim 29, claim 30 further recites a last stage of the source line driving circuit is electrically connected to the source line, and a power source is electrically connected to both the last stage and the power source line.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
